LifeWave Disclaimer

We welcome your questions!

- Please keep in mind that LifeWave does not claim to diagnose, treat, cure or prevent disease.
- If asking a question, please present in terms of symptoms exclusively rather than diagnosis.
- We will answer questions at the end of the presentation.

These products are not intended to diagnose, treat, cure or prevent any disease. Individual results will vary. Remove patches immediately if you feel discomfort or if skin irritation occurs. Do not reuse patches once removed from the skin. Keep your body well hydrated during patch use. If you have a real or perceived health condition, ask a health professional before using these products. Do not use if you are pregnant or nursing. These statements have not been evaluated by the Food and Drug Administration.

What is Acupuncture and How does it work?

- 5000 year-old medical system using energy channels in the body
- Needling channels increases energy flow which increases balance
- Acupuncture helps unblock stuck energy (which can cause pain and dysfunction)

What are LifeWave patches?

- Acupuncture products
- Disposable
- Non-transdermal
- Thermal patches
- Improves energy flow
- Stimulates bio-magnetic frequencies
- Improves cellular communication

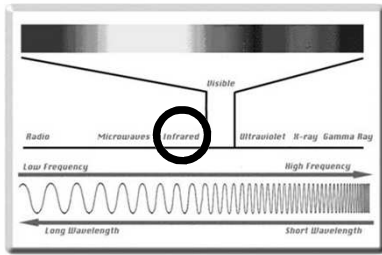

How LifeWave Patches work like Acupuncture

- IceWave increases the flow of energy in the painful area
- IceWave Decreases inflammation
- Patches are non-transdermal and drug-free
- Results often faster than acupuncture

Potential Detoxification Effects

- Dry mouth
- Metallic taste in mouth
- Fatigue
- Runny nose
- Headache
- Minor rash and/or acne
- Sleepiness
- Nausea

Note: If your detoxification symptoms become too severe, try drinking more water, increasing Vitamin C intake or removing the patches and waiting until symptoms subside to reapply.

Types of Pain you can treat with LifeWave Patches

- Muscle pain of any type
- Joint pain of any type
- Visceral pain
- Referred pain
- Facial pain

Examples: headaches, neck pain, back pain, shoulder pain, hip pain, knee pain, tooth pain, foot pain, nerve pain

IceWave Patches

Infrared thermal imaging studies clearly show that LifeWave IceWave Patches™ have both immediate local thermal effects on the skin as well as broader thermal effects that are mediated by autonomic nervous system control of blood vessel constriction and dilation.
- Dr. Dean Clark, D.C.

Basic "Clock" Protocol for Regional Pain Relief

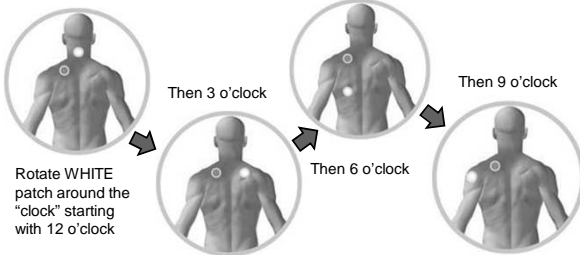

FIRST: Assess the level of pain
THEN: Place TAN on maximal pain area

Copyright Dr. Karen Kan 2013

"Clock" Protocol for Pain Relief

Re-assess pain levels after 10-15 seconds after each placement before moving onto the next

Pain Patching Tips for Awesome Success!

Patching TIPS:

1. Hydration is important
2. Use tape on the back so you can move them easily
3. In chronic pain, sometimes patching WHITE first works
4. Wait only 10 -15 seconds between placements
5. Goal is at least 50% reduction in pain
