

Join Diana & I for LIVE Mini Healing son Monday!

Ever wonder why it's taking so "long" to be healed? Do you wonder why symptoms that you thought you healed come back again and again? Frustrating sometimes isn't it? Do you ever ask yourself, what is the purpose in all this?

Well, I have good news for you I've snagged another interview with my friend and colleague healer Diana Kushenbach (her website is www.policeintuitive.com) who has a direct and reliable line to Source. So I thought, let's ask her!

So come live to the show and you might be able to get a mini-reading from Diana or I (yay!). Diana is super busy so it took us months to get another interview with her so don't miss it!
